We invite you to attend the workshop. During the workshop instrument will be demonstrated with various applications as per the schedule. The workshop is intended for the users to demonstrate the practical challenges, measurement setup in different mode, type of samples suitable for each setup and also to use the instrument in its full potential with the following schedule.

Day 1 (17/06/2015)

9:30 AM to 1.00 PM	Voltammetry, Pulse Techniques & Charge/Discharge - Battery
2:00 AM to 5:30 PM	Corrosion Flat Cell & AC Impedance

Day 2 (18/06/2015)

9:30 AM to 1.00 PM	Coulometry - Spectroelectrochemistry
2:00 AM to 5:30 PM	Spectroelectrochemistry in Reflection and Transmission Mode

Note: The accommodation subjected to availability in the University guest house, where participants have to pay themselves. No registration charges. Travel and accommodation on their own.
