

CTAC-2023

DAE-BRNS 3rd Symposium on

Current Trends in Analytical Chemistry (CTAC-2023)

March 06-09, 2024

Bhabha Atomic Research Centre,
Mumbai, India

ABOUT THE SYMPOSIUM

The 3rd DAE-BRNS Symposium on Current Trends In Analytical Chemistry (CTAC-2023), is being organized by Analytical Chemistry Division, Bhabha Atomic Research Centre (BARC), Trombay, Mumbai, India, during March 06-09, 2024 at DAE Convention Centre, Anushaktinagar, Mumbai -400094. The symposium is supported by Board of Research in Nuclear Sciences (BRNS) and Department of Atomic Energy (DAE).

CTAC-2023 is being organized by ACD, BARC with a primary objective to provide a forum to the analytical chemists for reviewing the current developments in analytical chemistry and exchange of ideas. While CTAC attracts eminent scientists working in the forefront areas of analytical chemistry, the deliberations provide a single platform for discussions on the recent progress in analytical research. The proceedings of the symposium will consist of keynote addresses, invited talks and contributory papers (oral presentations and posters). We invite all experts, researchers, students working in this area to participate.

TOPICS TO BE COVERED

- Analytical chemistry for nuclear fuel cycle
- Analytical chemistry for environmental sustainability
- Bioanalytical methods for healthcare application
- Quality control and quality assurance in analytical chemistry
- Certified and in-house reference material
- Separation science and speciation
- Spectrometric and microscopic techniques
- Nuclear analytical techniques
- Thermochemical techniques
- Environmental studies and sensors
- Electroanalytical techniques
- Analytical instrumentation and device development

Organized by

Analytical Chemistry Division, Chemistry Group,
Bhabha Atomic Research Centre (BARC),
Trombay, Mumbai-400 085, India

Sponsored by

Board of Research in Nuclear Sciences (BRNS),
Department of Atomic Energy (DAE),
