

9th Topical conference on Ultrafast Photonics and Quantum Science

15-17 February, 2024

Physical Research Laboratory Ahmedabad

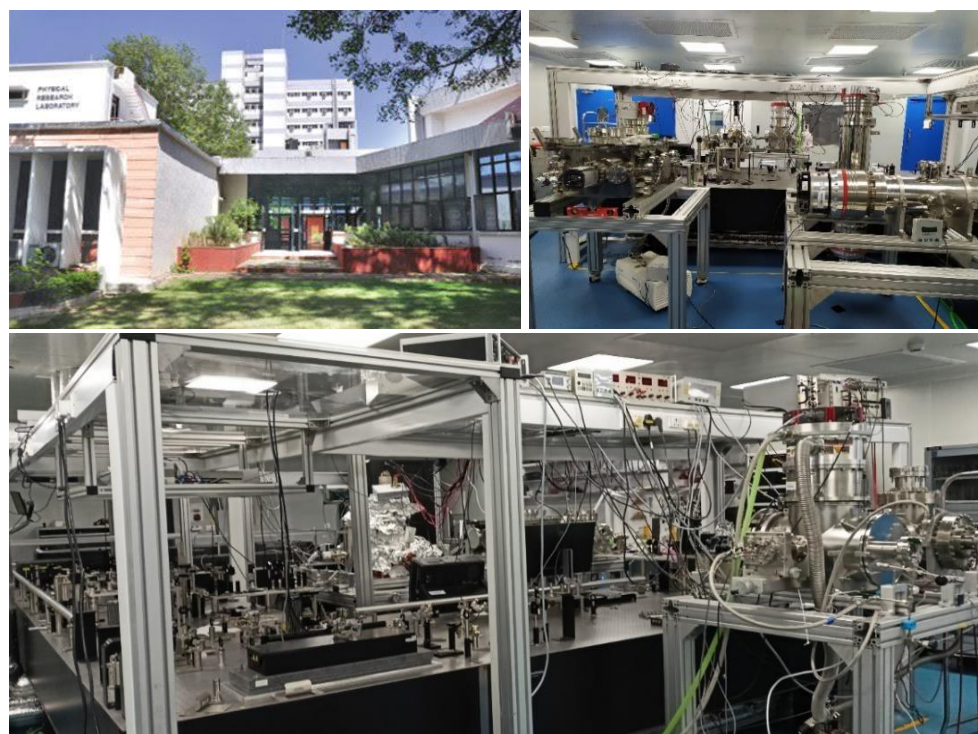

About the Conference: The 9th Topical Conference (TC) of the Indian Society of Atomic and Molecular Physics (ISAMP) is the latest in the series of 3-day biennial national conferences. The present TC meeting will be held at the PRL Ahmedabad, 15-17 February 2024. The conference will address the following topics:

- Attosecond physics
- Ultrafast atomic, molecular, and optical physics
- Applications of Ultrafast Lasers
- Ultrafast Optics/ Nonlinear Optics
- Light-matter interaction, Theoretical atomic and molecular physics
- Quantum sciences & technologies
